

2026/2027 Product Catalogue

Enhanced Life with Martec®

For over six decades, Martec has become one of Australia's leading providers of cooling, lighting, heating and exhaust products. Our focus has always been, and continues to be, on our customers and the quality of experience they enjoy when using our products and services.

Our relentless dedication to continuing development puts Martec at the forefront of innovation and design. With the latest technology, Martec now offers an exciting and comprehensive range of best in class, energy efficient and competitively priced products and solutions to suit every lifestyle.

Martec ceiling fans are aesthetically designed and come in various colours to suit your home décor and any application. Our optional accessories enable you to install the ceiling fans at the right height so you can enjoy the cool breeze.

Our revolutionary Smart DC fans come with WiFi as a default feature and all our ceiling fans come with summer/winter reverse mode which cool your home in summer and keep warm in winter to provide a comfort all year round.

Martec bathroom heaters and exhaust fans are designed to suit all bathroom and laundry sizes. They are available in different sizes, shapes and colour with built in thermal stopper for safety. With different IPX (ingress protection) and low decibel ratings, Martec has a solution to complement any design scheme and environment in your home.

Under the MDA Lighting banner, we offer a boutique selection of designer and elegant lighting fixtures. These premium pieces are curated for those seeking a sophisticated aesthetic, blending high-end materials with artistic forms to create stunning focal points for any luxury interior or architectural project.

Martec lighting offers an extensive range of LED products that are energy efficient and low in maintenance cost. Our lighting products are tricolour (switchable colour temperature) between 3000K to 6000K and with dimming options available. Our exterior lighting comes with different IP ratings and built-in motion sensor which provide security and safety in all outdoor applications and your home surroundings.

Martec offer solutions for convenience, comfort, security and energy savings to enhance your lifestyle, and our products suit any retrofit and new built installation and application. As the business grows, our investment in the R&D and product teams expands, ensuring the transformation of our values into unique and dynamic outcomes that are second to none.

Quality Management and Sustainability

Business Continuous Improvement

Martec is a company with a strong commitment to the principles of quality, service and attention to detail ensures we transform these values into unique and dynamic outcomes that are second to none.

In order to attain and maintain these objectives, Martec has implemented a quality management process and system which we are continuing to improve and evaluate our business process to sustain these objectives.

Product Development

Martec product development team keeps abreast of the trends and advances in technology to ensure that products continue to improve in line with market expectations. Refinements to existing products are regularly introduced to increase convenience and simplicity to customer's life. And we are enhancing this practice to position our products future ready for Internet of Things (IoT).

Martec has all the necessary certifications, skill and local experience to assure all our products are compliance to Australian and New Zealand standards (AS/NZS 60598.1, AS/NZS 60335.1 & 60335.2.80) and meet regulatory requirements of RCM and SAA approval.

Our Brands & Products

Martec® Smart Cooling offers Smart WiFi ceiling fans with seamless multi-platform control for maximum operational flexibility.

Each model includes a handheld remote, supports an optional wall control, and integrates with the Martec Smart app for effortless smartphone management.

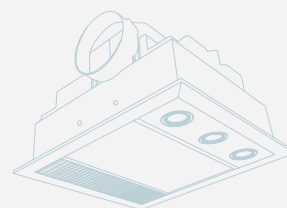

Martec® Cooling offers fans that combine high efficiency, quiet operation, and user-friendly control in a lightweight design. Powered by energy saving DC motors, featuring lightweight motors making installation easier for electricians. Their near-silent performance is perfect for bedrooms.

Martec also offer AC ceiling fans that are robust and high quality in design without sacrificing performance.

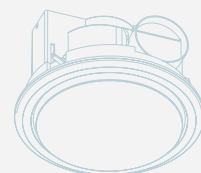

Martec® Heating offers a wide range of bathroom heaters and accessories to suit all bathroom sizes and needs. From single heat lamps to stylish 3-in-1 units with 1, 2, or 4 heat lamps and tricolour LED lights, our products deliver instant, effective warmth.

Select new models feature high-performance DC motors for improved energy efficiency and quieter operation. With various IPX ratings and finishes available, our heaters blend seamlessly into any décor.

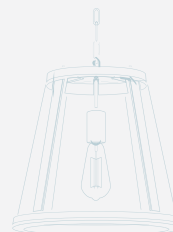

Martec® Exhaust offers a flexible range of exhaust fans suited for bathrooms and various other spaces. With options in size, shape, IPX ratings, and tricolour LED lights, our fans fit seamlessly into any environment.

Featuring powerful ball bearing motors and advanced blade designs, they deliver efficient, quiet ventilation. For reliable, long-lasting performance, Martec® Exhaust ensures clean air and comfort wherever it's needed.

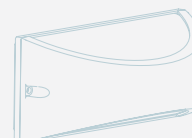

MDA Lighting is a premium Australian-owned lighting brand celebrated for its high-class, decorative designs. With over a decade of industry experience, MDA offers an extensive range of stylish indoor and outdoor fixtures that suit both classic and contemporary spaces.

Their products are known for exceptional craftsmanship and unique, premium finishes such as acid-wash copper, silver leaf, and gilded gold. Each piece is designed to elevate interiors with timeless elegance, making MDA Lighting a go-to choice for sophisticated and statement lighting solutions.

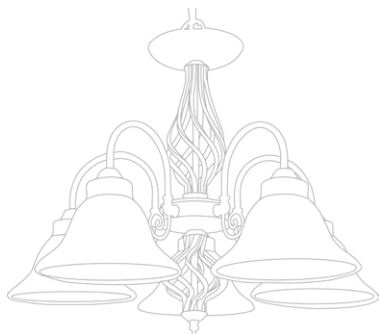

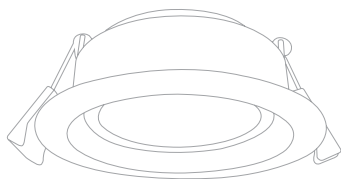

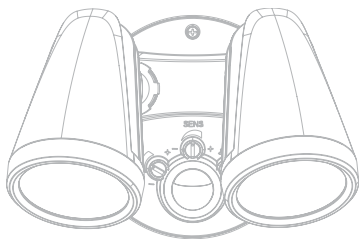

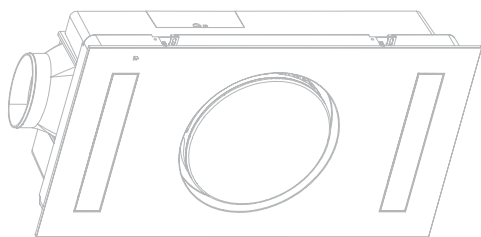

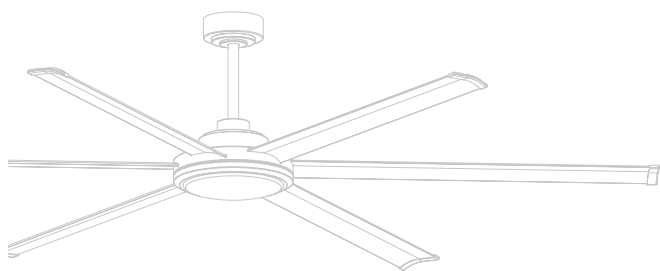

Martec® Lighting offers a wide range of LED solutions, including downlights, surface-mounted fittings, and exterior lights. Our downlights and surface fixtures feature switchable colour temperatures and dimming options, compatible with Martec® dimmers for personalized ambiance.

Our exterior lights come with various IP ratings and optional motion sensors, providing reliable safety and security for any outdoor space. Whether for small projects or large installations, Martec® delivers quality, budget-friendly lighting tailored to your needs.

Martec Cooling offers a comprehensive selection of ceiling fans and accessories tailored to meet diverse cooling needs and enhance any space.

Our Smart DC ceiling fans feature a variety of colours and sizes, alongside advanced features such as 6-stage changeable colour temperature and variable dimming for models with LED lights. Equipped with WiFi remote controls featuring 8 speed settings, including unique comfort sleep and breeze modes, these fans ensure optimal comfort throughout the night.

Martec DC and AC ceiling fans, celebrated for their energy efficiency and ultra-quiet operation. Available in various sizes and colors, light-equipped models feature adjustable color temperatures—with an exclusive 3-step dimming option on AC models.

With an array of accessories including lights, downrods, and remote controls featuring timers, Martec Cooling provides solutions to suit every lifestyle, delivering both functionality and style to any space.

DC CEILING FANS

DC ceiling fans offer high efficiency, quiet operation, and lightweight design, making them a smart choice for modern homes. DC motors consume less energy than conventional ceiling fan motors, helping to reduce power usage.

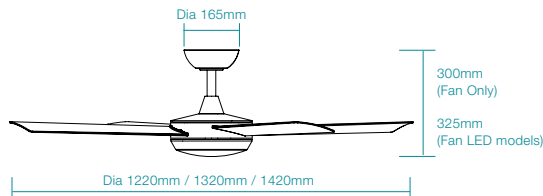

They also weigh less, making installation easier for electricians. With up to 8 speed settings and a user-friendly reversing function for summer and winter use, these fans provide versatile comfort. Ideal for bedrooms due to their quiet performance, DC ceiling fans come supplied with a remote control for easy and convenient operation.

CEILING FAN ACCESSORIES

Remote Control / Wall Control

Remote and wall controls offer convenient operation of ceiling fans, allowing you to adjust speed, direction, and lighting with ease. Enjoy personalised comfort and effortless control from anywhere in the room.

Downrod

Downrods enhance ceiling fan performance and airflow efficiency in rooms with high ceilings. They lower the fan to an optimal height, ensuring better air circulation, comfort, and energy-efficient operation.

45° Angle Canopy

An angled canopy allows secure installation on sloped or vaulted ceilings. It ensures proper alignment, enhances stability, and maintains optimal fan performance while complementing ceiling aesthetics.

REMOTE / WALL CONTROL

Wall Control Kit MDCPWC

- 1 year in-home warranty
- Suitable for all Martec DC WiFi, Quantum DC & Zorro DC ceiling fans
- App, Remote and Wall control are synchronised through the last command
- Unique comfort sleep and breeze mode + 6 other speed settings

HEATING ACCESSORIES

BATHROOM REMOTE CONTROL

Our set of bathroom heater remote control provide effortless, precision control over your bathroom's heating, ventilation, and lighting straight from your fingertips.

These are the ideal solution when running new electrical wiring through tile, stone, or pre-existing walls for a hardwired switch is impossible or cost-prohibitive. They offer complete installation flexibility.

3-in-1 Bathroom Heater Remote Control MBHRKIT

- Easy to use with touch buttons
- Frequency range up to 30m
- Power capacity up to 2200W
- 5, 10, 25 minutes run timer
- Compatible with Martec 3-in-1 bathroom heaters
- Full or half heater function (4 heat unit only)

4-in-1 Bathroom Heater Remote Control MBHPTKIT

- Easy to use with touch buttons
- Frequency range up to 30m
- Power capacity up to 2200W
- 5, 10, 25 minutes run timer
- Compatible with all Martec PTC bathroom heaters

OPTIONAL ACCESSORIES

Whether you're upgrading an existing installation or finishing a new project, our heating accessories make it easy to customise your heater to suit any space, ensuring optimal functionality and comfort.

Each accessory is crafted for seamless integration and long-lasting reliability.

INDOOR LIGHTING

Downlights

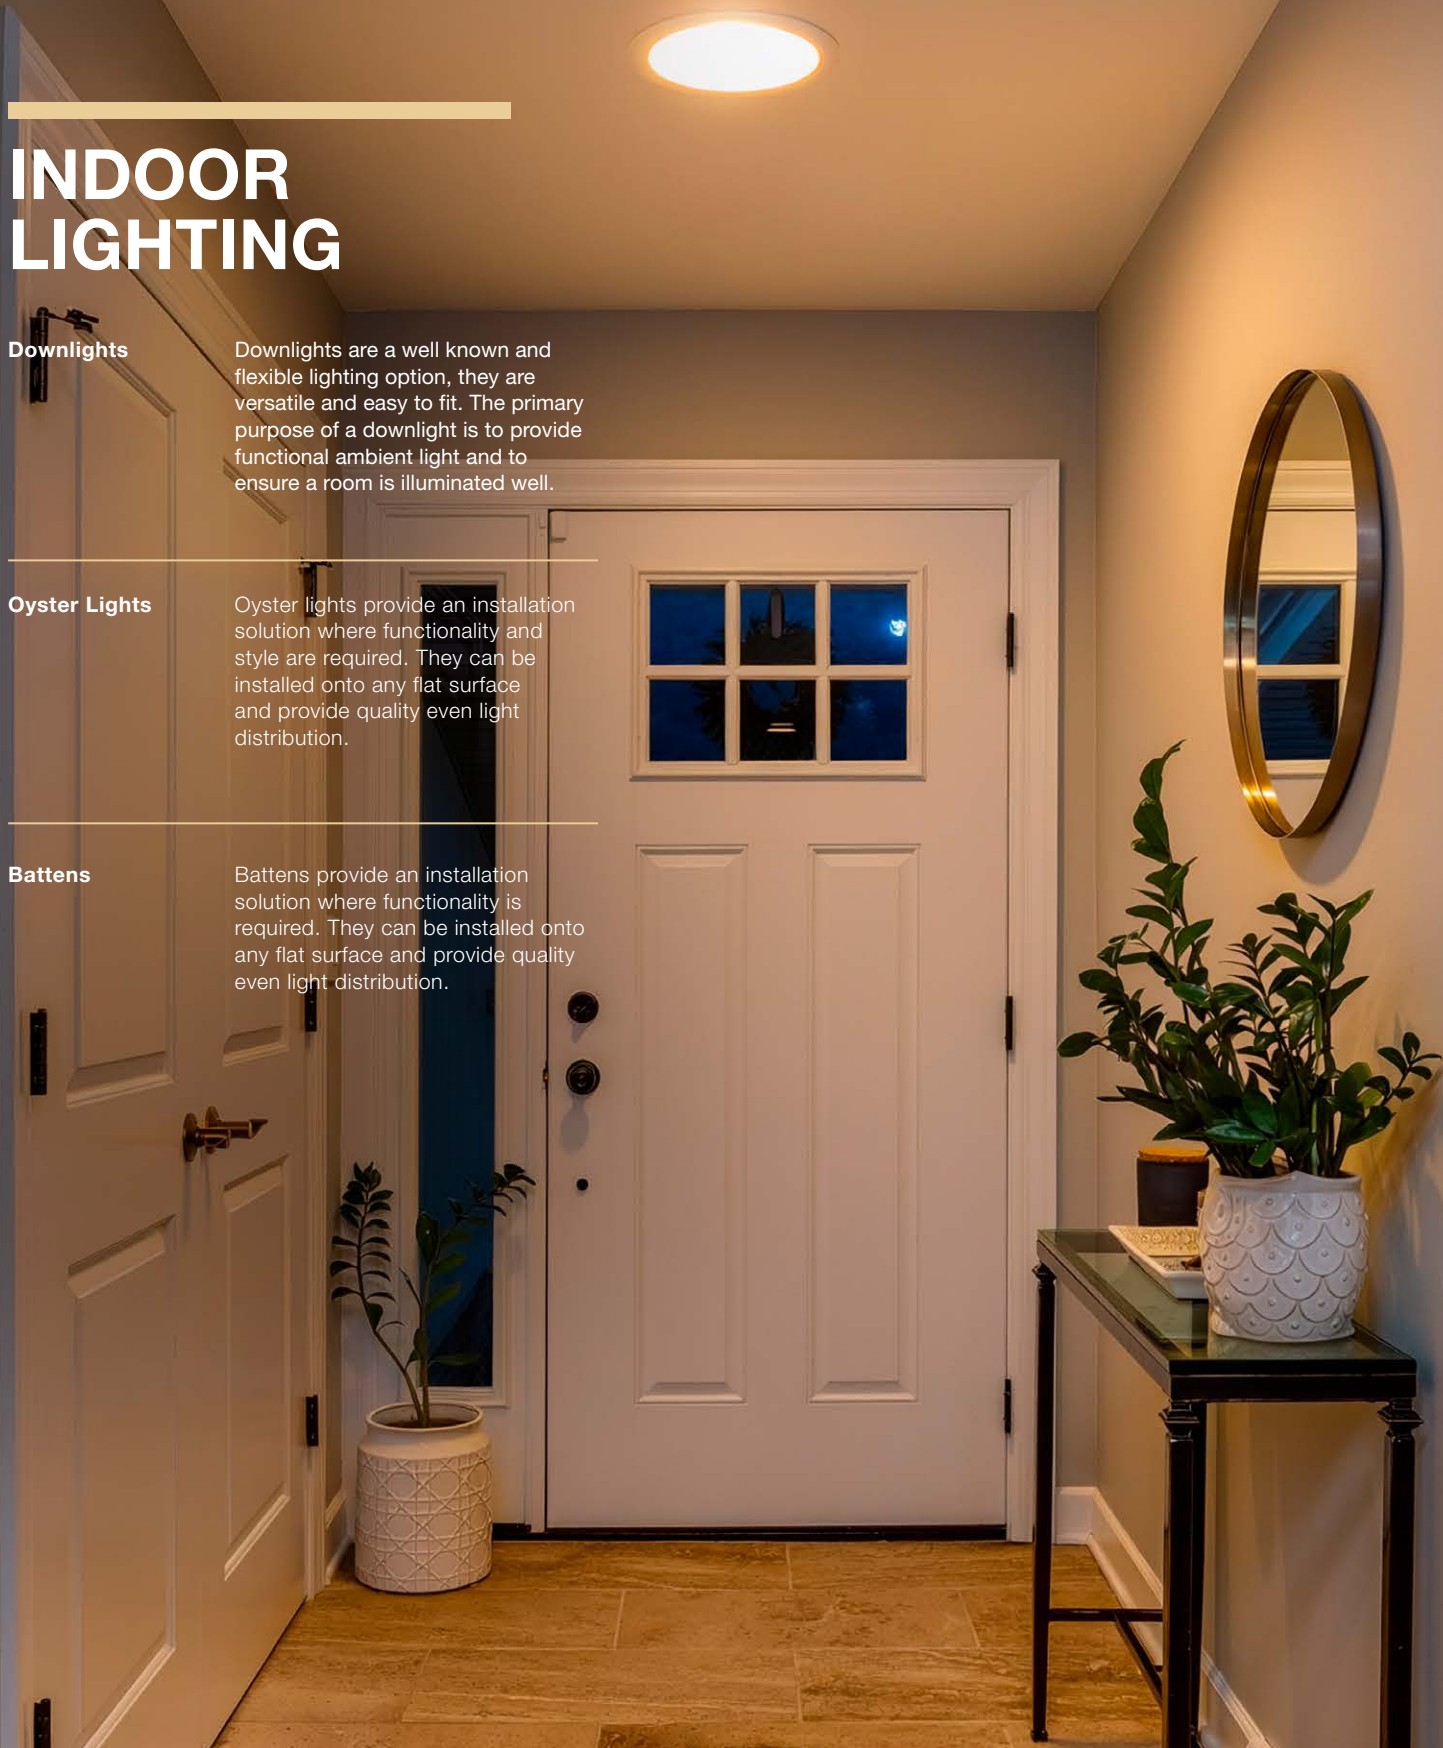

Downlights are a well known and flexible lighting option, they are versatile and easy to fit. The primary purpose of a downlight is to provide functional ambient light and to ensure a room is illuminated well.

Oyster Lights

Oyster lights provide an installation solution where functionality and style are required. They can be installed onto any flat surface and provide quality even light distribution.

Battens

Battens provide an installation solution where functionality is required. They can be installed onto any flat surface and provide quality even light distribution.

EXTERIOR LIGHTING

Wall Lights

Exterior wall lights are essential for illuminating the outside of buildings, enhancing aesthetics, and providing security. Proper placement and spacing of the lights can significantly enhance the overall look and functionality of your outdoor space.

Step Lights

Step lights, also known as stair lights or stairway lighting, are fixtures specifically designed to provide both practical illumination and aesthetic enhancement, making them a valuable addition to staircases, pathways, and outdoor spaces.

Spot Lights

Spotlights are versatile lighting fixtures that can enhance the functionality and aesthetics of both indoor and outdoor spaces.

Bunker Lights

Bunker lights are durable, rugged, industrial-style lighting fixtures commonly used for both indoor and outdoor applications, such as on exterior walls, in gardens, hallways, garages, and commercial utility spaces.

LIGHTING ACCESSORIES

Complete your lighting setup with our versatile range of lighting accessories, designed to enhance both performance and style. Each accessory is crafted for seamless integration and long-lasting reliability.

Whether you're upgrading an existing installation or finishing a new project, our accessories make it easy to customise your lighting to suit any space, ensuring optimal functionality and a polished, professional finish.

LED Filaments by Martec®

A breakthrough in LED technology. Filaments by Martec® are the thinnest LED filaments currently available on the market. By utilising ultra-fine filaments, they achieve an unparalleled likeness to traditional incandescent bulbs, offering a level of authenticity that other LED alternatives cannot match.

The result is a refined, vintage aesthetic that delivers the warm, nostalgic glow of the past with the superior efficiency of the future.

DIMMERS

Push Button LED Light Dimmer MTD350VAP

- Trailing edge light dimmer
- Load Wattage 10-350W (1.4A max)
- Suitable for most dimmable 240V & 12V lamp sources
- Suitable for 1-way operation only
- No neutral wiring required
- Full short circuit protection
- Soft start for improved lamp life
- Over heating protection
- Minimum brightness adjustable
- Indoor use only

Rotary LED Light Dimmer MTD350VAR

- Trailing edge light dimmer
- Load Wattage 10-350W (1.5A max)
- Suitable for most dimmable 240V & 12V lamp sources
- Suitable for 1-way or 2-way operation
- No neutral wiring required
- Soft start for improved lamp life
- Over heating protection
- Indoor use only

MDA LIGHTING

MDA – Mood. Design. Aesthetics.

Three pillars. One promise: to deliver lighting that's as unique and timeless as the space it transforms. We are born from a vision, to go beyond illumination and create lighting that inspires, captivates, and transforms. We believe lighting isn't just functional - it's an essential part of design. It defines mood, defines design, and elevates aesthetics into something extraordinary.

Crafted with premium materials, luxurious finishes, and exceptional attention to detail, every piece in our collection reflects timeless elegance and unique character. Each design is created for those who value refinement in the everyday and seek beauty that stands apart.

MDA Lighting isn't just about lighting spaces - it's about shaping experiences, creating atmospheres, and setting the stage for moments that matter.

Indoor Lights 74

Outdoor Lights 100

INDOOR LIGHTING

Our unique, original designs reflect chic fashion sensibilities, balancing modern refinement with timeless allure.

Whether enriching a cozy home or enhancing a polished business space, MDA Lighting delivers quality and artistry that transcend trends. Discover lighting that captures Mood, Design, and Aesthetics — and transforms interiors into extraordinary expressions of beauty.

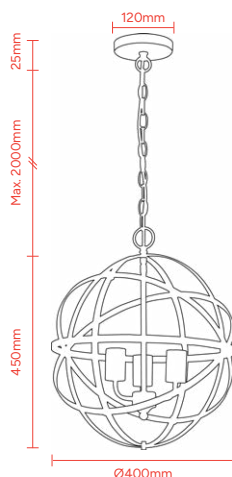

APOLLO

Eccentric and Sophisticated

The Apollo pendant blends refined elegance with industrial charm, featuring a strap sphere design encasing Antique Gold candelabras. Available in three sizes, each piece creates a striking focal point with its sculptural form. Ideal for dining rooms, living areas, stairwells, or voids, it adds warmth and sophisticated drama.

BOAZ

Inspired by Nature

The Boaz pendant celebrates the warmth and character of natural timber in a clean, Scandinavian contemporary form. Crafted with precision and care, each piece showcases the texture of the wood, making every pendant one of a kind. Its organic finish and timeless shape offer a soft, earthy presence—perfect for creating a warm, inviting atmosphere. Available in 3 colours and whether fitted with a carbon filament or LED globe, the Boaz is ideal for kitchens, dining areas, or feature lighting in open living spaces.

Our Sites and Tools

1

Website

<https://www.martec.com.au/>

Martec's website is meticulously crafted to offer a seamless and intuitive user experience, ensuring easy access to information with just a few clicks. Our platform showcases the entire product portfolio, accompanied by detailed technical specifications, all conveniently located in one central hub.

Under the resources menu, users can explore catalogues and utilize the product finder tool to identify the perfect Martec solution for their specific job or application, whether they're on-site or off-site.

Moreover, our website features a stockist locator, simplifying the purchasing process by helping users find nearby retailers. Additionally, valuable how-to information, including blog articles FAQ and industry standards, is readily available, enriching users' knowledge and empowering informed decision-making.

With Martec's user-friendly website, accessing essential information and finding the right products has never been easier.

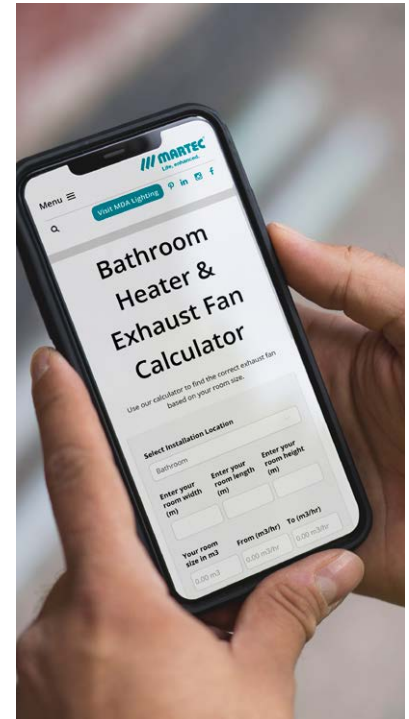

2

Ceiling Fan Calculator

Introducing Martec's Ceiling Fan Calculator, designed to simplify your selection process and ensure you choose the perfect ceiling fan for your specific application.

Whether you're working on-site or off-site, our intuitive calculator provides you with the necessary guidance to find the ideal Martec ceiling fan, whether for indoor or tropical environments. By inputting key parameters such as room size, ceiling height, and preferred features, this tool swiftly identifies the most suitable options from our extensive range.

With Martec's Ceiling Fan Calculator at your disposal, making informed decisions about your ceiling fan installation has never been more convenient.

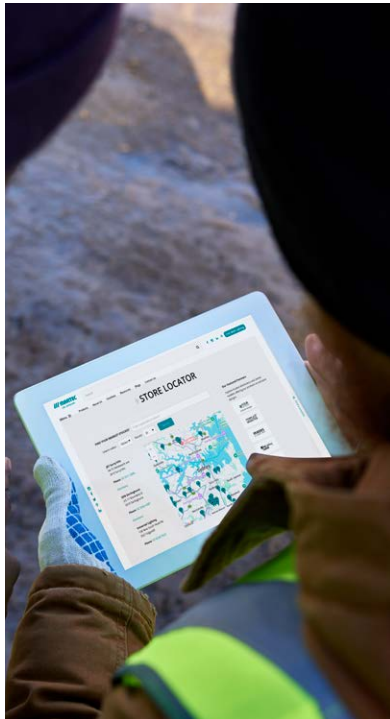

3

Bathroom Heaters & Exhaust Fans Calculator

Introducing Martec's Bathroom Heater and Exhaust Fan Calculator, a user-friendly tool designed to streamline your selection process and identify the perfect heating or ventilation solution for your specific job and application.

Whether you're on-site or offsite, this calculator provides you with the necessary guidance to find the ideal Martec bathroom heater or exhaust fan. Simply input key parameters such as room size, ventilation requirements, and desired features, and the calculator will swiftly recommend the most suitable options from our extensive range.

With Martec's Bathroom Heater and Exhaust Fan Calculator, making informed decisions about your heating and ventilation needs has never been more convenient.

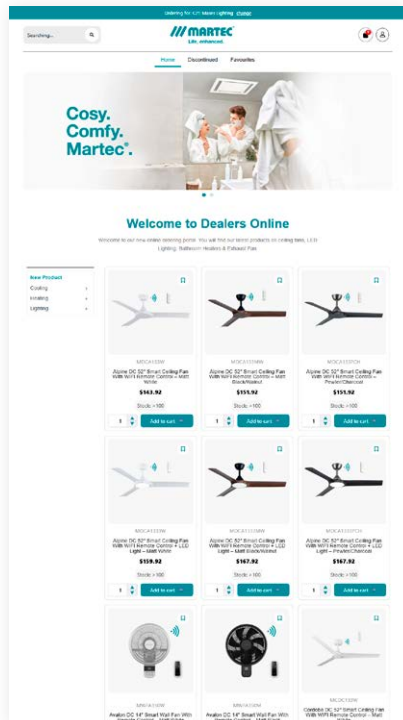

4

Stockist Locator

Martec makes it effortless to find our products at your nearest wholesalers and retailers. Utilize our convenient Stockist Locator by simply entering your suburb and desired travel distance, and we'll pinpoint the nearest locations where Martec® products are available.

Can't find a nearby stockist on our locator? No worries! Just send us a request, and we'll assist you in locating the products you need. Martec is committed to ensuring that our quality products are easily accessible to our valued customers.

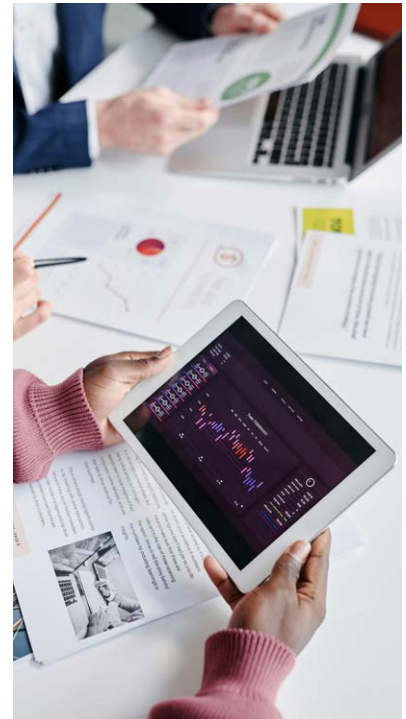

5

Online Ordering Portal

Introducing Martec's Online Ordering Portal exclusively designed for our trade customers. Gain access to our latest range of products including ceiling fans, LED lighting, bathroom heaters, and exhaust fans, all at your fingertips.

With this portal, you can conveniently check product information, stock availability, pricing, and estimated time of arrival for incoming shipments.

Ready to streamline your ordering process? Simply request access by emailing us at marketing@martecld.com.au. Martec is dedicated to providing our trade partners with efficient tools to support their business needs.

6

Electronic Database Interface (EDI)

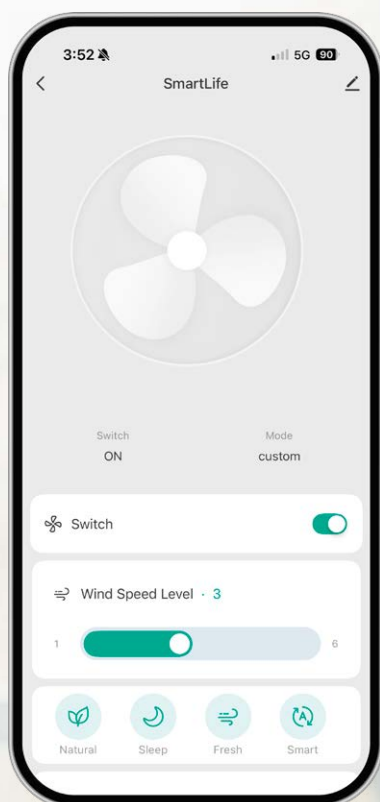

EDI revolutionizes the ordering process, offering a paperless and seamless system for exchanging vital information such as purchase orders and invoices digitally with other businesses. This digital exchange enhances accuracy and accelerates communication, ensuring greater efficiency and speed in transactions.

EDI orders are seamlessly integrated into our Enterprise Resource Planning (ERP) system, automating processes and facilitating timely delivery by swiftly releasing them to the warehouse for picking. By eliminating manual data entry, EDI serves as an express lane ordering process, effectively eliminating errors and streamlining operations for enhanced productivity and customer satisfaction.

MARTEC® smart

Take full control your way, every time of your smart DC ceiling fans and exterior heaters with Martec Smart® app for convenient operation from your phone.

Martec Smart app is available for iOS and Android
